

Witness Dashcam

Witness Dashcam

The Witness 2-channel Dashcam system has onboard recording for Driving, Parking and Event footage. The vehicle mounted HD recording system enables management to review incidents which have occurred in the workplace. An optional rear-facing 120° IR camera can be added for increased coverage.

Features:

- Anti-tamper lockable device
- 165° Ultra-wide viewing angle
- Built in GPS, 3-axis G-sensor and microphone
- High-quality video, encryption, password protection
- Continuous recording or event driven capture
- Driver panic button for priority recording
- 12-24v, battery undervoltage protection
- Temperature range -10°C to 70°C
- Supports 32, 64, 128GB MicroSD card
- Continuous recording time: up to 45-hrs
- Stores footage with Internal or External IR camera
- Continuous recording time: up to 25-hrs
- Event footage storage time: up to 3-weeks
- Windows based software supplied on MicroSD card
- MicroSD memory card with unauthorised access protection

Benefits to you:

- Improved site safety
- Reduced damage and resulting costs
- Improved post incident investigation analysis
- Suitable for forklifts, container handlers and loaders
