Witness Dashcam

Witness Dashcam

The Witness 2-channel Dashcam system has onboard recording for Driving, Parking and Event footage. The vehicle mounted HD recording system enables management to review incidents which have occurred in the workplace. An optional rear-facing 120° IR camera can be added for increased coverage.

Features:

- Anti-tamper lockable device
- 165° Ultra-wide camera angle
- Full HD1080p recording at 30fps
- Built in GPS and microphone
- Adjustable 3-axis G-sensor
- High-quality video, encryption, password protection
- Driving, Parking and Event driven capture
- Driver Panic Button for priority recording
- 12-24v, battery undervoltage protection
- Temperature range: -10°C to 70°C
- Recording time: up to 30-hrs max
- Supports 32, 64, 128GB MicroSD card
- 2nd Camera option, internal or external IR camera
- Windows based software supplied on MicroSD card
- MicroSD memory card with unauthorised access protection
- Supports optional external trigger for tailored Event driven capture

Benefits to you:

- Improved site safety
- Reduced damage and resulting costs
- Improved post incident investigation analysis
- Suitable for forklifts, container handlers and loaders
